DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/25/2011 has been entered.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 5, 8, 9, 12, 32-37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites in part (2) that a restriction site is present in an E1 deletion site, and that a foreign gene is inserted into the E1 deletion site. This would appear to abolish the restriction site, as they are commonly used for such a purpose, and are so disclosed in the instant specification and original claims. It is thus unclear if the claimed cosmid must comprise the restriction site in the E1 region, or not. This is compounded by the fact that one of the restriction sites in part (5) is also in the E1 deletion site. This rejection affects all dependent claims.

Conclusion

No claims are allowed.
